Note: There were 22 road districts in Pownal, Maine from 1823-1825. I followed the order of names in each district and the original spelling which varied from year to year. I spelled out abbreviated common names, i.e., Benjamin for Benja. and William for Wm. In some cases there may have been more than one road tax per year, but the only date given was the year. For actual assessments, see the original tax record book.

Thank you to Kelly Wentworth, Pownal Town Clerk, for making the road tax books accessible to me.
